King: King Relocation is a facility in Santa Fe Springs where Bill Bray has leased a very large crate in order to store plaques of MJ that he had made in the 1980's. I only recently learned of this facility, that MJ covers at \$40.00/month, and had Provident add me to the contact list for access which is how I discovered what was being stored at King.

Activity: To my knowledge, only one visit within the past several years by Evvy
